EDUCATION

Massachusetts General Hospital/Harvard Medical School

Boston, MA
Clinical Fellow in Psychology
Expected Graduation Date in July 2019

Pennsylvania State University

State College, PA
Doctorate of Philosophy in Clinical Psychology
Expected Graduation Date in August 2019
Dissertation: Meta-Analyses of the Distinct Neurological Activation and Bidirectional Longitudinal Associations between Anxiety and Depression
Mentor: Michelle G. Newman, Ph.D.

- **Winner of the College of the Liberal Arts Raymond Lombra Graduate Student Award for the Excellence in Research in the Social Sciences, Pennsylvania State University**
- **Winner Best Research Paper Award in Psychology, Pennsylvania State University**
- **Winner of Federation of the Association of Behavioral and Brain Sciences (FABBS): Dissertation Research Excellence Award**
- **Honorable Mention, Association for the Psychological Science Student Caucus Student Research Awards**

Pennsylvania State University

State College, PA
Masters of Science in Psychology
Graduated in August 2015
Thesis: Anxious Moods as a Risk Factor for Depressed Moods: An Ecological Momentary Assessment of Those with Clinical Anxiety and Depression
Mentor: Michelle G. Newman, Ph.D.

- **Honorable Mention, Anne Anastasi General Psychology Graduate Student Award**

Truman State University

Kirksville, MO
Bachelor of Science in Psychology
Minors in Statistical Methods, English, and Justice Systems
Graduated summa cum laude in May 2011
Thesis: Effectiveness of Cognitive-Behavioral Therapy in Reducing Anxiety among those with Autism Spectrum Disorders: A Meta-Analysis
Mentor: Jeffrey R. Vittengl, Ph.D.

- **Winner of the Regional Research Award from Psi Chi: International Honor Society**

RESEARCH GRANTS

Funded	Consultant: National Institute of Mental Health (NIMH) R01 <i>Harnessing Mobile Technology to Reduce Mental Health Disorders in College Populations</i> Total Cost \$3,832,085
Funded	Consultant: National Institute of Mental Health (NIMH) R01 <i>Using Technology to Improve Eating Disorders Treatment</i> Total Cost \$760,445
2010-2011	Principal Investigator: Psi Chi Undergraduate Research Grant <i>Strengths and Weaknesses in Test-Taking: In what ways do Anxiety and Impulsivity Impact Negative Test Performance?</i> Total Costs \$850
2010	Principal Investigator: TruScholars Research Grant

Strengths and Weaknesses in Test-Taking: In what ways do Anxiety and Impulsivity Impair Test Performance?
Total Costs \$4,500

RESEARCH AWARDS

- Fall 2018 *Alies Muskin Career Development Leadership Program Award from the Anxiety Depression Association of America (ADAA)*
- Spring 2018 *Federation of Associations in Behavioral and Brain Sciences (FABBS) Doctoral Dissertation Research Excellence Award to acknowledge and honor graduate student scientists who have conducted doctoral dissertation research of superior scientific quality and broader societal impact.*
- Spring 2018 *College of the Liberal Arts Raymond Lombra Graduate Student Award for the Excellence in Research in the Social Sciences, Pennsylvania State University*
- Spring 2018 *Best Research Paper Award in Psychology, Pennsylvania State University*
- Spring 2014 *Marty Murphy Award for Excellence in Psychology, Based on Excellence in Research and Exceptional Collegiality, Pennsylvania State University*
- Spring 2014 *Honorable Mention, Society for Personality Assessment for Presenting "Using an ecological momentary assessment approach to examine the relationship between neuroticism and conscientiousness and variability in constructive and unconstructive thought processes"*
- Spring 2013 *Honorable Mention, Association for the Psychological Science Student Caucus Student Research Awards for Presenting "The Temporal Relationship Between Anxiety and Depression: A Meta-Analysis"*
- Spring 2012 *Honorable Mention, Anne Anastasi General Psychology Graduate Student Award by the American Psychological Association's First Division*
- Fall 2011 *Best Student Poster Award from Anxiety Special Interest Group for presenting "Evaluating Quantity and Quality of Worrisome and Intrusive Thoughts and their Triggers: An Ecological Momentary Assessment Approach"*
- Spring 2011 *Clark L. Hull Award for Scientific Excellence in Writing on Experimental Hypnosis from the American Journal of Clinical Hypnosis*
- Spring 2011 *Regional Research Award from Psi Chi for presenting "The Effectiveness of Cognitive-Behavioral Therapy in Reducing Anxiety among those with Autism Spectrum Disorders: A Meta-Analysis"*
- Spring 2011 *Best Oral Presentation from Psi Chi Annual Research Symposium for presenting "Learning in Hypnosis: Applications to Academic Performance"*

HONORS

- Fall 2011 *Pennsylvania State University Graduate Fellowship (93 awarded of the approximately 1,700 graduate students)*
- Spring 2011 *President's Certificate of Recognition for Outstanding Academic Achievement Awarded by Truman State University*
- Fall 2009 *APA Student Affiliate Membership Awarded by Truman State University*
- Fall 2009 *President's List (4.0/4.0 GPA for Fall 2008, Spring 2009, Fall 2009, Fall 2010, and Spring 2011 semesters at Truman State University)*

TEACHING EXPERIENCE

8/17-5/18 ***Introduction to Clinical Psychology (PSYCH 481)***

The Pennsylvania State University

Role: Instructor

- Taught two sections of approximately 65 undergraduate students.
- Designed course to enable students to: (1) obtain a broad understanding of the research and implementation of clinical psychology; (2) acquire an understanding of the educational and training models available for those in clinical practice; (3) learn foundations of assessment, case formulation, and treatment planning; (4) understand the major theoretical frameworks of therapy and empirically supported treatments of psychopathology; and (5) practice critical thinking in digesting research and theory applied to clinical psychology.
- Instructed students on how to conduct intake interviews, resulting in students conducting semi-structured diagnostic interviews on imaginary clients and writing an intake report and an evidence-based treatment plan based on the client's presentation.

8/16-5/17 ***Introduction to Personality Psychology (PSYCH 238)***

The Pennsylvania State University

Role: Instructor

- Taught two sections, each with approximately 100 undergraduate students.
- Designed course to: (1) introduce students to how personality is conceptualized and measured and (2) help students apply personality theories to their own lives, such that they possess a greater understanding of what makes them unique and provide them with information to lead to self-discovery and self-improvement.
- Utilized self-assessments within the domain of students' personality, values, strengths, weaknesses, mood, and relationships with respect to the past, present, and future to capitalize on the unique ability to connect personality theories and research to students' daily lives.
- Required students to integrate course material into a final project describing their personality, what theories helped them to organize their self-view, and whether they saw themselves changing in the future.

5/16-8/16 ***Basic Research Methods in Psychology (PSYCH 301W)***

The Pennsylvania State University

Role: Instructor

- Taught one online section of this course.

- Instructed students on basic research methods including research designs, data collection, and statistical analysis.
- Led weekly labs in which students were required to apply course material with a focus on active learning in statistical methods and interpretation.
- Required students to propose a manuscript-style research proposal including a literature review, design, and planned analysis as their final project.

8/13-5/14 ***Basic Research Methods in Psychology (PSYCH 301W)***

The Pennsylvania State University

Role: Lab Instructor

- Taught a lab section once per week on the application of research methods and statistical analysis of psychological data.
